***Every Wedding is special, unique and a reflection of your love.***

With many years of helping couples remember their wedding day with photography, both John and his wife Lizzy are authorised by the Royal Court of Guernsey to legally marry couples anywhere within the Bailiwick of Guernsey. It can even take place at sea or in the air, as long you marry within Guernsey's territorial area.

John's experience as a wedding photographer has given him an understanding of working with couples along with their family and guests. His relaxed and respectful manner puts everyone at ease helping to create a memorable, personal ceremony unique to you.

Lizzy embodies the qualities of empathy and professionalism and has a remarkable ability to connect with people from all walks of life, understanding their needs and emotions with genuine care and consideration.

Your ceremony can be as simple as the legal affirmations made to each other, or we can develop it to include readings, music and your personal promises. Your family and close friends can be included in the ceremony to make it truly unique.

We welcome you to a no-obligation chat (by video conference if you are not locally based) that will allow us to learn a little more about you. We can guide you through the process required by Guernsey law to help you reach that moment on your wedding day when you pledge your promises to each other.

When you hire a professional photographer for your wedding, you are not only engaging someone to take timeless pictures, but also a creative visual storyteller.

John takes the time to capture your day as it unfolds. He recognises that certain people and moments are unique to you and his attention to detail creates a personalised story to remember your special day.

John and his team are there for you before and after your wedding day to help develop your ideas to create images you will treasure.

We adapt our photography to suit your vision, whether you have an intimate family occasion or want to celebrate with a larger elegant function.

*“After researching local photographers, we knew right away that John would be the perfect person to photograph our wedding day. John was so professional and achieved all our goals, ideas and vision. He really made our day spectacular! ”*
