

***Portrait Photography
by
John Fitzgerald***

Welcome to Fitzgeralds Portrait Photography

With many years of photography experience, John Fitzgerald loves to capture images that you and your family can treasure forever.

John is able to take your photographs either in our St Martin's studio with parking available, or out on location. All of your images are stored on our premises and are printed at our laboratory in St Martin's.

If you decide to choose one of the many lovely locations on the island, John has several special areas to use as a backdrop to your portrait. Or he can capture a relaxed afternoon at home.

You may wish to purchase a gift voucher for a family member or friend. These are available instore and can be created to be of any monetary value.

Studio Portraits

Every portrait is unique, and it is important to us to create beautiful memories for you to enjoy. Our studio is suitable for up to 5 people whether a group of friends or a family. We welcome newborns into our studio and for you to bring along any personal items that you would like to make the images special to you.

After your portrait photographs have been taken, your images will be displayed in a private online gallery, enabling you to view and order at your leisure.

Location Portraits

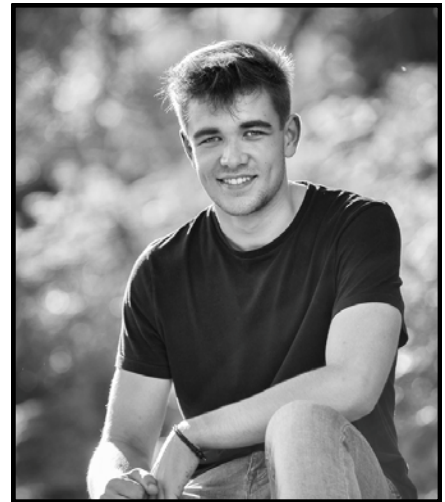

Guernsey has so many beautiful locations to choose from. We are here to help guide you to the perfect place to create your family portrait. John's experience with natural light and his ability to make even the most ordinary background sparkle, will help bring your photographs to life.

Pets are very much part of the family and we welcome them to join you for your location sitting, or even to have one of their own.

John's calm, innovative style produces stunning portraiture at anytime. Although his preference is for the early morning misty light or during the golden light of the late afternoon.

If on the day of your portrait, the weather looks unfavourable, we will simply reschedule for a different date or change location.

“John captured our dog’s playful energy and cheeky personality, we are so pleased with our photos it made it difficult to choose a favourite!”

Timeline

BOOKING YOUR PORTRAIT

Once you have made the decision to book a portrait session with John, please choose whether you would like a studio or location portrait. Consider everyone involved and whether they would prefer the more formal yet intimate studio, or the freedom of a location portrait on the beach, cliffs or even at home. We can help with recommendations, and will of course take wind direction and tide times into consideration. We will ask for details of who will be involved in your portrait session and confirm your date, time and chosen location.

BEFORE YOUR PORTRAIT

We will contact you before your portrait to confirm details including checking the weather forecast.

ON THE DAY

On the actual day of your portrait, you will meet with John at a pre-determined time and place - he'll be the one with the camera!

WHAT TO WEAR

We suggest you wear comfortable, plain and simple clothing for your photoshoot and encourage you to view our website to gain inspiration from recent portraits.

VIEWING YOUR IMAGES

John personally edits and prepares each of the photographs taken. They are then uploaded to a private gallery on our website for you to view and order at your leisure. We are also available at our studio should you wish discuss wall art options.

All orders are hand prepared personally by John ensuring the highest quality of the finished product. We print all photographs and canvases at our photographic laboratory in Guernsey.
