“John was amazing on our wedding day.
We will cherish our photos forever”

ABOUT US

John and his team have many years of experience photographing weddings locally and internationally. John captures your wedding day as it blossoms naturally, creating images with a balanced style of traditional and natural photography.

John's focus is to create a lasting story of your wedding day that will let future generations remember. John's focus on the people and the moments help create an account that preserves your memories.

YOUR WEDDING DAY

Your favourite people are gathering, the dance floor is waiting, and the champagne is chilled.

You have tended to every detail, and now it is time to stand next to your one true love.

You will remember these moments for the rest of your life, your family and friends, the cake and the music, along with the tears and the laughter.

You deserve to have this beautiful experience thoughtfully and professionally documented, letting you share the story of your Wedding with your present and future family, along with your friends ~ and we can help.

We have a range of photography collections to suit your vision and your wedding budget, whether you have an intimate family celebration or you would like to enjoy your wedding day with an elegant function.

CAPTURING YOUR DAY

When you hire a professional photographer for your wedding, you are not only engaging someone to take timeless pictures, but also a creative visual storyteller.

John takes the time to capture your day's story as it unfolds. He recognises that some people and moments are unique to you. This attention to detail creates a personalised story to remember your special day.

John and his team give you the time you need before and after your wedding day to help guide you through our range of ideas and products to best display your photographs.

YOUR WEDDING YOUR WAY

John as your Civil Celebrant

With many years of helping couples remember their wedding day with his photography, John has undertaken a new and complimentary role as a Civil Celebrant. He has been authorised by the Royal Court of Guernsey to undertake weddings anywhere within the Bailiwick of Guernsey and its Islands.

John's experience working with family and guests as a wedding photographer has given him many skills and the personality to create a memorable ceremony.

Your ceremony can be as simple as the legal affirmations made to each other and your witnesses, or he can help create a love story that includes readings, music and your personal promises. Your family and close friends can be included in the ceremony to make it truly unique.

The new marriage laws allow you to choose your own venue, and whether it is inside or in one of Guernsey's beautiful locations, it can be at sea or in the air, just so long as it is undertaken within Guernsey's territorial area.

John welcomes you to a no-obligation chat (by Zoom or Skype if you are not locally based) that will allow him to learn a little more about you. John can guide you through the processes required by Guernsey law to help you reach that moment on your wedding day when you pledge your promises to each other.

When you would like to find out more, then please do call John or one of his team, on 01481 231555 or you can email john@fitzgeralds.co.gg

ENGAGEMENT SESSIONS

These are the precious moments when it is still just the two of you preparing for your future adventures together. An engagement photo session is a beautiful way to celebrate the start of your journey to marriage.

An engagement session is an excellent opportunity to get to know your photographer and be comfortable in front of a camera. With so many beautiful locations to choose from, why not enjoy a photo adventure with John while he captures your images.

SIGNATURE PRINTS & ALBUMS

A popular choice for couples is to choose one of your images from the engagement session and have it printed and mounted with a border for your guests to write their best wishes. You can then frame your print and display it your new home.

Another favourite choice is to choose any number of the images created and have them printed and bound into a stylish Italian album as a lasting memory.

WALL ART & PRINTS

Would you like to walk into your home and be reminded of your wedding day?

Professional wall art is a beautiful visual reminder of your wedding day memories.

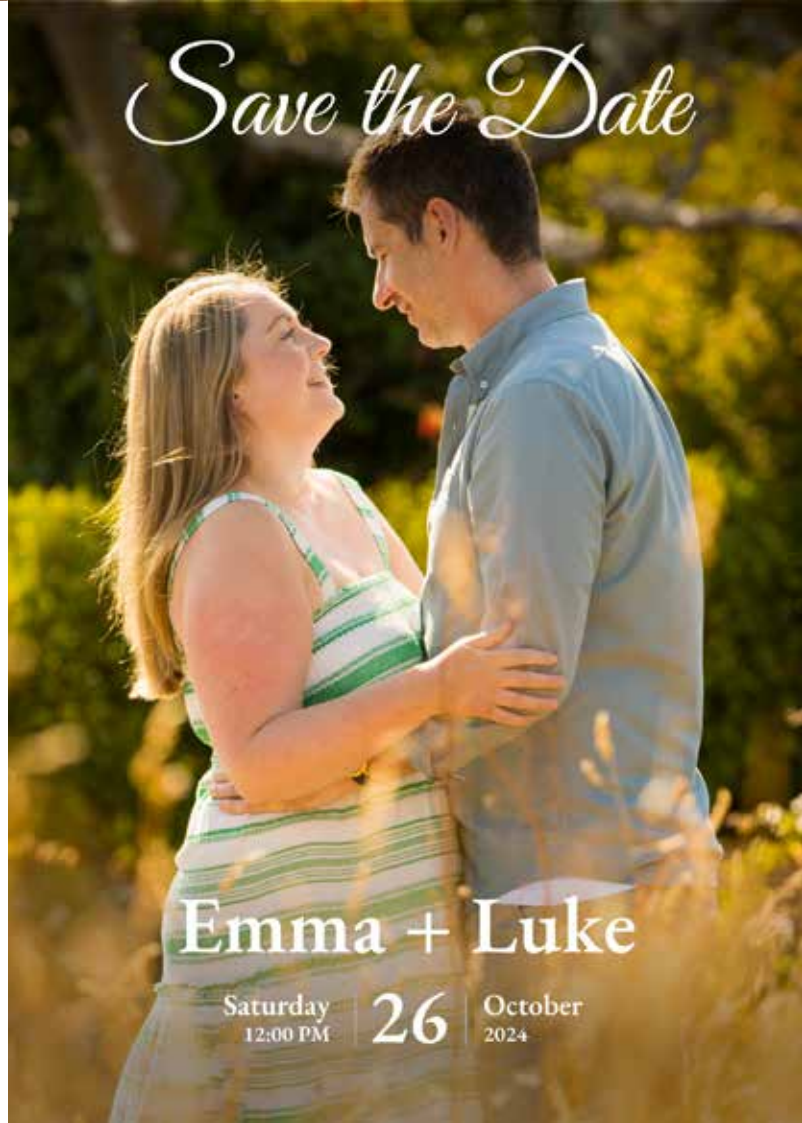

Your images can be displayed as a wrapped canvas print or as a framed photograph, amazing to look at, with each piece of art showing a moment in the story of your lives with each other.

Mounted photographs of all sizes are available and can be ordered directly from the studio or from our website.

SAVE THE DATE

As a couple planning your wedding day, sending a Save the Date card to your family and friends is a wedding announcement and a mini invitation to your wedding with a promise of more details to come.

We can design a card to suit your style, or if you have already created your own, we can print it for you. We can produce a variety of sizes, and we even supply the envelopes.

ALBUMS

How wonderful does it feel to hold a bespoke wedding album? It creates a visual story of your wedding day that you can share with each other and preserve for future generations.

Digital images can be lost or forgotten over time, and individual photographs show a single moment. A wedding album can narrate the story of your wedding day for you.

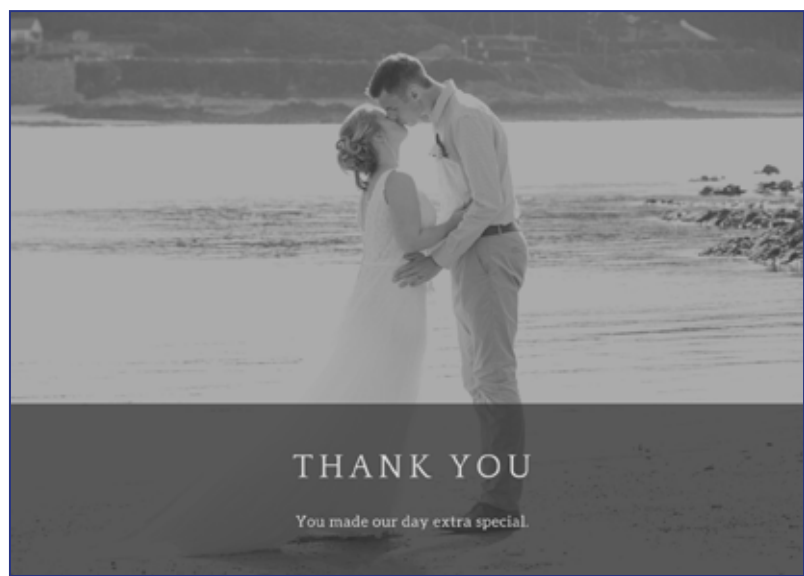

One of our albums can display your favourite pictures from your wedding day. It is an album uniquely designed and created for you. It is printed and bound in Italy and can be personalised to suit your style.

THANK YOU CARDS

Nothing says thank you to your guests for being part of your wedding day and for their thoughtful gifts than a personalised thank you card with one of your chosen images.

We will create a custom design with a personal message from you both. It can show the link for your guests to view your online gallery.

TIMELINE

BOOKING

Whether your wedding day is within a few weeks or years ahead, we encourage you to make an appointment to meet with John in person and discuss your thoughts and ideas.

ENGAGEMENT

An engagement portrait session is a beautiful opportunity to become comfortable with being photographed. These sessions are available as an option, and John works with just the two of you on location.

SAVE THE DATE

Save the date with Fitzgeralds. We can create personalised cards to share your wedding day details with your family and friends.

YOUR WEDDING DAY

This is your day! John will be on hand to discreetly capture your story and the adventures as they unfold. He will find those moments and the details you have worked hard to create.

DELIVERY

On your return from your honeymoon, we will present you with a book showing you the labelled proof images from your wedding. You will also receive high-resolution digital files in JPEG format.
